1988 FASEB RECEPTOR CONFERENCE
August 7-12, 1988
Saxton's River, Vermont
SPEAKERS' LIST (Tentative - August 1987)
Chairman: Richard D. Klausner Vice Chairman: Marc Caron

General: The purpose of this Conference is to assemble a broad spectrum of scientists who work on membrane receptors in order to discuss the similarities and differences in their structure and mechanisms of signal transduction.

Program:

1) MONDAY, a.m. Receptor Structure

Axel Ullrich
Henry Metzger*
Robert Stroud
Warren Leonard

2) MONDAY, p.m. Receptor Assembly, Dynamics and Cell Biology

Richard Klausner*
Ari Helenius
Hugh Pelham

3) TUESDAY, a.m. Complex Receptors and Receptor Families

Marc Caron*
Eric Barnard
J. Ramachandran
Lawrence Samelson

4) TUESDAY, p.m. Receptors, Coupling Proteins and Signal Transduction

Henry Bourne*
Al Gilman
Lutz Birnbaumer
Phil Merjerus

5) WEDNESDAY, a.m. Receptor Function and Regulation

Robert Lefkowitz*
C. Ronald Kahn
Herman Kuhn
Kathy Strader

6) WEDNESDAY, p.m. Receptors as DNA Binding Proteins

Bill Schrader*

7) THURSDAY, a.m. Receptors, Growth Regulation and Oncogenes

Rusty Williams*
Robert Weinberg
Josie Schlessinger
Chuck Sherr

8) THURSDAY, p.m. Keynote Address

Daniel Koshland

9) FRIDAY, a.m. Receptors That Mediate Cell-Cell Interaction

Tim Springer*
Michael Crumpton

Budget:

Total invited participants	30		
Registration per diem:	30 x $270	=	$ 8,100
Travel (Domestic):	22 x $500	=	$11,000
(International):	8 x $1,000	=	$ 8,000
	Total	=	$27,100
	Contributed by FASEB	=	$ 6,000
	Needed	=	$21,000

HISTORY OF FASEB SUMMER CONFERENCES ON RECEPTORS

Conference 1

Date: 1982 Attendees: 121 Chairman: Czech/Lefkowitz

Session Titles: Receptors of the immune system; Acetylcholine receptor; Hormonal regulation of gene expression; Insulin receptor structure and turnover; Receptors mediating growth; Transmembrane signalling mechanisms; Receptors mediating cAMP regulation; Receptors for cell-cell interactions; Receptor turnover and recycling.

Conference 2

Date: 1984 Attendees: 154 Chairman: Lefkowitz/Metzger

Session Titles: Biochemical approaches to studying membrane proteins; Receptors and the adenylcyclase system; Recpetors and gene expression; Receptor dynamics; Receptors and ion channels; Growth factor-receptors; Receptors of the immune system; Insulin receptors. Major Speaker - I. Pastan.

Conference 3

Date: 1986 Attendees: 165 Chairman: Metzger/Klausner

Session Titles: Receptor Structure; Receptors as Kinases; Signal Transduction via cAMP; Receptor Regulation; Phosphatidyl Inositol Turnover; Regulation at the Genetic Level; Receptor Sorting and Trafficking. Keynote Speaker - Dr. Michael Brown.
